## E. DISCLOSURES

### I. Risks

1. The prices of Funds fluctuate, sometimes dramatically. The price of a Fund may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling Funds.
2. Since transactions may be settled overseas, client assets received or held by Manulife or its affiliates may be subject to the Applicable Laws of the relevant overseas jurisdiction which may be different from the Hong Kong Securities and Futures Ordinance and the rules made thereunder. Consequently, such client assets may not enjoy the same protection as that conferred on client assets received or held in Hong Kong.
3. Some of the Funds may invest in derivative instruments which may involve additional risks. For example, where such instruments are used for leveraging they may cause greater volatility. Some of the Funds will potentially make extensive use of derivatives including more complex derivative instruments or strategies to achieve their investment objective, this may give rise to additional exposure in that performance may rise or fall more than it would have done otherwise. In adverse situations, a Fund's use of derivative instruments may become ineffective and the Fund may suffer significant losses. The use of derivatives may give rise to leverage, liquidity, counterparty and valuation risks.
4. Use of online system  
Any information including your portfolio holding information provided is for your reference only and may not show the correct value. Any account balance, projected returns, quoted prices, values, rates or other quotation provided is only indicative and are subject to change at any time without notice to you. Account overview displays portfolio return information based on financial information which may not be accurate or up to date. You should be aware that there are multiple methodologies in calculating portfolio return information and as such, the relevant information is provided to you for reference only. Formal accounts and statements will be sent to you in accordance with the terms and conditions for the relevant account or service.

### II. Monetary and Non-Monetary Benefits

1. Manulife Investment Management (Hong Kong) Limited ("**Manulife**") offers a comprehensive range of retail funds including funds managed by a Manulife Group Company and Third Party Funds (altogether the "**Funds**"). This section explains the role of Manulife, benefits received or receivable by Manulife in providing fund investment services and other transaction related information in relation to your Manulife InvestChoice Account.
  - a. Manulife is NOT an independent intermediary because (i) we receive fees, commissions, or other monetary benefits from other parties (which may include Fund issuers or Third Party Fund Issuers) in relation to our distribution of Funds to you, and/or (ii) we receive non-monetary benefits from other parties, or have close links or other legal or economic relationships with issuers of Funds (for example, a Manulife Group Company) that we may distribute to you and as such, may impair our independence to favour Funds managed by a Manulife Group Company over other Third Party Funds.
  - b. In addition to the fees payable by you when you deal via your Manulife InvestChoice Account, Manulife may from time to time (to the extent not prohibited by any Applicable Law) receive and retain monetary and non-monetary benefits including fees, commissions, trailer fees and/or other monies (i) from issuers of the Funds (which may be managed by a Manulife Group Company, or may be Third Party Funds) which Manulife distributes under the Agreement, in relation to your investment in the Funds which are attributable to the services provided by Manulife pursuant to the Agreement, (ii) as management or advisory fees for certain of the Funds which Manulife may also be the appointed investment manager and (iii) as the appointed Hong Kong Representative of certain Funds which are managed or issued by a Manulife Group Company. You consent to Manulife receiving and retaining such monetary and non-monetary benefits including fees, commissions, trailer fees and/or other monies. Neither the receipt nor the retention by Manulife of such monetary and non-monetary benefits including fees, commissions, trailer fees and/or other monies shall be construed as giving rise to any breach of fiduciary duty or equitable duty that Manulife may owe to you.
  - c. Manulife and any Manulife Group Company may deal in Units for its own account or for the account of its other clients.
  - d. In providing the services under the Agreement, any Manulife Group Company may act as principal with respect to such services or any holdings held by you in your Manulife InvestChoice Account or may effect other related transactions in which any Manulife Group Company may have, directly or indirectly, a material interest or a potential conflict with respect to you.
  - e. Manulife is authorised to enter into any transaction with any Manulife Group Company and Manulife may be interested in any transaction and shall not be accountable to you for any profit or benefit arising therefrom.
  - f. Manulife or any Manulife Group Company may have banking or other financial relationships with the fund manager, distributor or issuer of any Fund, the Bank or any Nominee.
  - g. In providing services under the Agreement to you, Manulife shall act as your agent and not as principal in relation to any transaction effected by Manulife on your behalf unless otherwise indicated.
2. Ongoing Annual Commission for Third Party Funds  
Manulife or its associates may receive from the Funds' issuers, throughout the term of your investment in the relevant Funds, up to 60% of a Fund's annual management fees. This is paid out of management fees received by the Funds' issuers from the Funds.
